Subject Index

- A -

ACCP, abstracts and index of authors from 1998 annual meeting, 1137

ACE inhibitor therapy, effects of, on quality of life in patients with heart failure, 1323

ACE inhibitors in hypertension or congestive heart failure, does aspirin interfere with the efficacy of?, 1041

ACE inhibitors, pharmacologic, pharmacokinetic, and therapeutic differences among, 588

Acetaminophen, bromfenac, and naproxen sodium in postoperative pain after orthopedic surgery, the effect of food on, 492

Acetylcholinesterase inhibitor and antimuscarinics, seizures in patients receiving concomitant, 1129

Acute bronchiolitis, albuterol in, continued therapy despite poor response?, 198

Acute respiratory distress syndrome, mechanical ventilation and pharmacologic strategies for, 140

Adverse drug reactions in hospitalized patients, characteristics associated with ability to prevent, 1284

Adverse drug therapy outcomes, impact of patient knowledge, patient-pharmacist relationship, and drug perceptions on, 333

Agitated demented elderly patients, a review of anticonvulsants in treating, 600

Agitated or delirious critically ill patients, therapeutic considerations in the management of, 113

Agranulocytosis, drug-induced, filgrastim in two patients with, 1347

AIDS, prevention and treatment of disseminated Mycobacterium avium complex infection in patients with, 738

AIDS, safety of GM-CSF in patients with, a review of the literature, 1290

Albuterol in acute bronchiolitis—continued therapy despite poor response?, 198

Allograft rejection and renal toxicity, cyclosporine trough concentrations in predicting, 282

Alpha-1-acid glycoprotein concentrations and cerebrospinal fluid drug distribution after subarachnoid hemorrhage, 1062

Alzheimer's disease, a multidisciplinary team approach to managing, 33S

Alzheimer's disease, economic considerations in, 68S

Alzheimer's disease, introduction to supplement, 31S

Alzheimer's disease, new advances in the treatment of, 79S

Alzheimer's disease, pharmacokinetics and drug interactions of cholinesterase inhibitors administered in, 47S

Alzheimer's disease, prospects of developing interventions to prevent, 74S

American College of Clinical Pharmacy, 1998 Spring Practice and Research Forum, abstracts and index of authors, 425

American College of Clinical Pharmacy, abstracts and index of authors from 1998 annual meeting, 1137

American College of Clinical Pharmacy, the strategic plan of the, 1998–2000, 417

Aminoglycoside dosing in critically ill surgery patients, effect of pharmacokinetic sampling methods on, 371

Aminophylline, lack of effect of olanzapine on the pharmacokinetics of a single dose of, in healthy men, 1237

Amiodarone clinic, rationale, development, and clinical outcomes of a multidisciplinary, 146S

Amiodarone therapy, optimal management of efficacy and side effects, 138S

Amiodarone, clinical efficacy of, 127S

Amiodarone, introduction to supplement, 119S

Amiodarone, oral, historical overview and development, 121S

Amphotericin B, hyperkalemia associated with rapid infusion of conventional and lipid complex formulations of, 874

Amphotericin B, liposomal, chest discomfort associated with, report of three cases and review of the literature, 1053

Amphotericin B, triglyceride fat emulsion versus conventional amphotericin B, in patients with AIDS, 1087

Ampicillin-sulbactam versus cefoxitin in the treatment of intraabdominal infections, pharmacoeconomic analysis of, 175

Anagrelide, precipitous fall in platelet count with, a comment, 659

Anagrelide, precipitous fall in platelet count with, authors' reply, 660

Anemia, cancer-related, clinical guidelines for the treatment of, 156

Anesthetics, inhaled, current and future perspectives on, 895

Angioedema and photosensitive rash induced by valsartan, 866

Angiotensin-converting enzyme inhibitor–epoetin alfa interaction in patients receiving chronic hemodialysis, 627

Anticoagulation overtreated patients, analyses of the treatment of, 1264

Anticonvulsants and blood dyscrasias: a cohort study, 1277

Anticonvulsants, a review of, in treating agitated demented elderly patients, 600

Antidepressant (SSRI) therapy, concomitant therapy with anxiolytics or hypnotics and maintenance of initial, 1298

Antiepileptic drug withdrawal—a good idea?, 235

Antiepileptics and blood dyscrasias: a cohort study, 1277
Antifungal prophylaxis to prevent invasive mycoses among bone marrow transplantation recipients, 549
Antifungal susceptibility testing for Candida species, 509
Antimuscarinics and acetylcholinesterase inhibitor, seizures in patients receiving concomitant, 1129
Antithrombotic therapy for patients with mechanical heart valves, controversies in, 451
Aspirin, does it interfere with the efficacy of ACE inhibitors in hypertension or congestive heart failure?, 1041
Asthma outpatient clinic, measurement of outcomes in adults receiving pharmaceutical care in a comprehensive, 1365
Asthma, budesonide inhalation powder, its role in the treatment of, 720
Atenolol, pharmacokinetic and pharmacodynamic evaluation of, during and after pregnancy, 840
Atypical antipsychotic agent, ziprasidone, the effect of meal timing on the pharmacokinetics and pharmacodynamics of, 9
Atypical antipsychotic, evaluation of quetiapine, 1183
Atypical antipsychotic, sertindole, in the treatment of schizophrenia, 69

- B -

Beta-adrenergic receptor down-regulation in bovine pulmonary artery smooth muscle cells, cyclosporine-induced, 341
Bisphosphonates, the pharmacology and therapeutic utility of, 779
Bone marrow transplantation recipients, antifungal prophylaxis to prevent invasive mycoses among, 549
Bradycardia, octreotide-induced, 413
Bromfenac, naproxen sodium, and acetaminophen in postoperative pain after orthopedic surgery, the effect of food on, 492
Budesonide inhalation powder, its role in the treatment of asthma, 720

- C -

Cancer-related anemia, clinical guidelines for the treatment of, 156
Candida species, antifungal susceptibility testing for, 509
Carbamazepine in adults with epilepsy, population pharmacokinetics of, 273
Carvedilol: therapeutic application and practice guidelines, 729
Cefoxitin versus ampicillin-sulbactam in the treatment of intraabdominal infections, pharmacoeconomic analysis of, 175
Chemotherapy and granulocyte colony-stimulating factor administration, biological and clinical correlates after, 1
Chest discomfort associated with liposomal amphotericin B, report of three cases and review of the literature, 1053
Children, sedation in: current concepts, 790
Cholesterol-testing devices, analytic and clinical performance of two compact models, 184
Cholinesterase inhibitors administered in Alzheimer's disease, pharmacokinetics and drug interactions of, 47S
Chromium picolinate-induced rhabdomyolysis, 860
Cisapride-diltiazem interaction, prolongation of the QT interval related to, 381
Clarithromycin (oral) versus levofloxacin (oral) in the treatment of acute bacterial sinusitis, 1255
Clarithromycin and warfarin therapy, delayed elevation of international normalized ratio with concurrent, 386
Clinical guidelines for the treatment of cancer-related anemia, 156
Clinical pharmacist intervention among elderly outpatients, the cost-effectiveness of, 327
Clinical pharmacy services in hospitals educating pharmacy students, 1093
Clinical pharmacy services study, 1995 national, 302
Colonization, gastric, as a consequence of stress ulcer prophylaxis, 486
Conjugated estrogens for the management of gastrointestinal bleeding secondary to uremia of acute renal failure, 210
Coronary arterial thrombus disease, low-molecular-weight heparins in, 265
Coronary heart disease, statins in the prevention of, 242
Cotrimoxazole-disulfiram reaction, 869
Cryptococci, the association between variety and host immune status, 255
Cyclosporine and grapefruit juice, interaction between requires long-term ingestion in stable renal transplant recipients, 23
Cyclosporine trough concentrations in predicting allograft rejection and renal toxicity, 282
Cyclosporine versus neoral in patients with cystic fibrosis after lung transplantation, pharmacokinetic profile and variability of, 847
Cyclosporine, a microemulsion formulation of, circadian variations in the pharmacokinetics of, in cardiac transplant recipients, 364
Cyclosporine-induced beta-adrenergic receptor down-regulation in bovine pulmonary artery smooth muscle cells, 341
Cystic fibrosis, cyclosporine versus neoral in patients with, after lung transplantation, pharmacokinetic profile and variability of, 847
Cytochrome P-450 drug interactions, clinically significant— author's reply, 892
Cytochrome P-450 drug interactions, clinically significant—a comment, 890
Cytochrome P-450 drug interactions, update on clinically significant, 84
Cytochrome P450 3A4 activity in premenopausal and postmenopausal women, based on 6-beta-hydroxy-cortisol:cortisol ratios, 1271

- D -

Dapsone, cross-reactivity in HIV-infected patients switched from trimethoprim-sulfamethoxazole to, 831
Deep vein thrombosis outpatient treatment program, introduction to supplement, 157S
Deep vein thrombosis treatment models, outpatient, 170S
Deep vein thrombosis, low-molecular-weight heparin for the treatment of, 748
Deep vein thrombosis, patient education: a tool in the outpatient management of, 158S
Deep venous thrombosis treatment program, issues in developing an outpatient, 165S
Deep venous thrombosis treatment program, patient outcomes and cost analysis associated with an outpatient, 175S
Defibrillator and drug interactions, 516
Delirious or agitated critically ill patients, therapeutic considerations in the management of, 113
Demented agitated elderly patients, a review of anticonvulsants in treating, 600
Dermatitis, exfoliative, omeprazole-induced, 877
Dexamethasone and valspodar, pharmacokinetics of, and implications for coadministration, 1230
Diabetes mellitus, effect of blood glucose concentrations on the development of chronic complications of, 961
Diabetes mellitus, repaglinide, a novel, short-acting hypoglycemic agent for type 2, 1195
Diclofenac compared with two single-dose regimens of ketorolac, in pain due to cancer, 504
Diltiazem-cisapride interaction, prolongation of the QT interval related to, 381
Disulfiram-cotrimoxazole reaction, 869
Drug and defibrillator interactions, 516
Drug-drug interactions, known, frequency of hospitalization after exposure to, in a medicaid population, 1112

- E -

Elderly outpatients, the cost-effectiveness of a clinical pharmacist intervention among, 327
Elderly, safety issues in the pharmacologic management of chronic pain in, 1313
Endocarditis, staphylococcal, failure of once-daily vancomycin for, 650
Endothelin, the role of, in heart failure and hypertension, 706
Endotoxemia, effect of sustained, on alpha-1 adrenergic responsiveness in parenterally fed rats, 170
Enoxaparin versus low-dose heparin for venous thrombosis prophylaxis after major trauma, cost-effectiveness of, 1335
Enoxaparin, subcutaneous, for outpatient anticoagulation therapy in a patient with an aortic valve replacement, 408
Enteral feedings, bioavailability of phenytoin acid and phenytoin sodium with, 637
Epinephrine abuse, acute renal failure, anterior myocardial infarction, and atrial fibrillation complicating, 656
Epoetin alfa—angiotensin-converting enzyme inhibitor interaction in patients receiving chronic hemodialysis, 627
Eprosartan, effect of hepatic disease on the pharmacokinetics and plasma protein binding of, 42
Erythematous bullous lesions on the dorsa of the hands due to contact exposure to ibutilide fumarate, 880
Estradiol, the pharmacokinetics of intravenous, a preliminary study, 1343
Estrogens, conjugated, for the management of gastrointestinal bleeding secondary to uremia of acute renal failure, 210
Etidronate, postmarketing surveillance of the safety of cyclic, 1121

- F, G -

Famotidine-associated mental status changes, 404
Filgrastim in two patients with drug-induced agranulocytosis, 1347
Filgrastim, acute effects of prechemotherapy administration, on late hematopoietic progenitor cells, 1249
Filgrastim-stimulated hematopoiesis in mice and humans, effect of TNF-alpha on, 816
Fludarabine, the pharmacokinetics and pharmacodynamics of, in rheumatoid arthritis, 1224
Fluoxetine and norfluoxetine concentrations in cadaveric allograft skin, determination of, 851
Fluvastatin 40 mg every other day versus 20 mg every day in patients with hypercholesterolemia, a comparison of, 836
Follicle-stimulating hormone, recombinant: new biotechnology for infertility, 1001
Furosemide, comparison of 6-hour infusion versus bolus in premature infants, 63
Gastric colonization as a consequence of stress ulcer prophylaxis, 486
Gastrointestinal bleeding secondary to uremia of acute renal failure, conjugated estrogens for the management of, 210
Glucose concentrations, blood, effect of on, the development of chronic complications of diabetes mellitus, 961
Glyburide, population pharmacokinetics of, in patients with well-controlled diabetes, 51
GM-CSF in patients with AIDS, safety of, a review of the literature, 1290
GP IIb-IIIa inhibitors, use in ischemic syndromes, 663
Graft-versus-host disease, acute, monoclonal antibodies in the treatment of steroid-resistant, 988
Granulocyte colony-stimulating factor and chemotherapy administration, biological and clinical correlates after, 1
Grapefruit juice and cyclosporine, interaction between requires long-term ingestion in stable renal transplant recipients, 23
GUSTO-III trial, TIMI grade flow, mortality, and the, 699

- H -

H_2-receptor antagonists, effect of, on left ventricular systolic function and exercise capacity in chronic stable heart failure, 824

H_2-receptor antagonists, the role of, in the pathogenesis of nosocomial pneumonia in mechanically ventilated patients, 808

Haloperidol and lorazepam versus lorazepam in managing agitation, 57

Heart failure and hypertension, the role of endothelin in, 706

Heart failure, chronic stable, effect of H_2-receptor antagonists on left ventricular systolic function and exercise capacity in, 824

Heart failure, effects of ACE inhibitor therapy on quality of life in patients with, 1323

Heart valve replacement, mechanical, warfarin sensitivity after, 856

Hematopoiesis in mice and humans, filgrastim-stimulated, effect of TNF-alpha on, 816

Heparin (low-dose) versus enoxaparin for venous thrombosis prophylaxis after major trauma, cost-effectiveness of, 1335

Heparin dosing, unfractionated, age and estimated plasma volume predicts antifactor Xa activity better than weight alone, 1217

Hepatic disease, effect on the pharmacokinetics and plasma protein binding of eprosartan, 42

Hepatic drug metabolism in critical illness, 759

Human bites, current management of, 227

Hypercholesterolemia, a comparison of fluvastatin 40 mg every other day versus 20 mg every day in patients with, 836

Hyperkalemia associated with rapid infusion of conventional and lipid complex formulations of amphotericin B, 874

Hypertension and heart failure, the role of endothelin in, 706

Hypertension, perioperative, 911

- I -

Ibutilide fumarate, erythematous bullous lesions on the dorsa of the hands due to contact exposure to, 880

Immunotherapy, treatment of septic shock with, 565

Indinavir clearance, alteration in, during interleukin-2 infusions in patients with HIV, 1212

Infertility, recombinant follicle-stimulating hormone, new biotechnology for, 1001

Influenza vaccination and warfarin anticoagulation: subcutaneous versus intramuscular administration in elderly men, 631

Insulin lispro, a new insulin analog, 526

Insulin resistance syndrome, the role of troglitazone in treating the, 973

Interleukin-2 infusions in patients with HIV, alteration in indinavir clearance during, 1212

Intraabdominal infections, pharmacoeconomic analysis of ampicillin-sulbactam versus cefoxitin in the treatment of, 175

Intravaginal morphine: an alternative route of administration, 863

Intravenous lipids, warfarin, and short bowel syndrome, 1375

Ischemic syndromes, acute, advancing the battle against, a focus on the GP IIb-IIIa inhibitors, 663

Itraconazole oral solution, food interaction and steady-state pharmacokinetics of, in healthy volunteers, 295

- K, L -

Ketoconazole in the prevention of acute respiratory distress syndrome, 581

Ketorolac, two single-dose regimens of, compared with diclofenac, in pain due to cancer, 504

Lamotrigine administration, fatal toxic epidermal necrolysis related to, 392

Levofloxacin (oral) versus clarithromycin (oral) in the treatment of acute bacterial sinusitis, 1255

Levofloxacin, a second-generation fluoroquinolone, 915

Levofloxacin, penetration of, into lung tissue after oral administration to subjects undergoing lung biopsy or lobectomy, 35

Levonorgestrel, enhanced metabolism of, during phenobarbital treatment and resultant pregnancy, 1360

Lispro, insulin, a new insulin analog, 526

Lorazepam versus haloperidol and lorazepam in managing agitation, 57

Low-molecular-weight heparin for the treatment of deep vein thrombosis, 748

Low-molecular-weight heparins in coronary arterial thrombus disease: a review of the literature, 265

Lung tissue penetration of levofloxacin after oral administration of, to subjects undergoing lung biopsy or lobectomy, 35

- M -

Mechanical ventilation and pharmacologic strategies for acute respiratory distress syndrome, 140

Mechanically ventilated patients, the role of H_2-receptor antagonists in the pathogenesis of nosocomial pneumonia in, 808

Mental status changes, famotidine-associated, 404

Methylprednisolone disposition kinetics in patients with acute spinal cord injury, 16

metrifonate, preclinical pharmacology of, 55S

Metrifonate: overview of safety and efficacy, 43S

Mibefradil, a pharmacologically distinct calcium antagonist, 463

Monoclonal antibodies in the treatment of steroid-resistant acute graft-versus-host disease, 988

Morphine, intravaginal: an alternative route of administration, 863

Mycobacterium avium complex infection in patients with AIDS, prevention and treatment of disseminated, 738

Myocardial infarction, acute, thrombolytic therapy for, 686

- N, O -

Naproxen sodium, bromfenac, and acetaminophen in postoperative pain after orthopedic surgery, the effect of food on, 492
Narcotic therapy, withdrawal after, a survey of neonatal and pediatric clinicians, 1308
Nebulizer solutions, preservatives in: risks without benefit, 130
Nefazodone and tacrolimus, interaction between, in a stable renal transplant recipient, 1356
Nefazodone: single versus twice daily dose, 379
Neoral versus cyclosporine in patients with cystic fibrosis after lung transplantation, pharmacokinetic profile and variability of, 847
Nifedipine, immediate-release, another report of adverse reactions to, 1133
Nitric oxide concentrations and CSF parameters in an experimental animal model of Streptococcus pneumoniae meningitis, 612
Nitroglycerin, intravenous, tolerance in patients with ischemic cardiomyopathy and congestive heart failure, 203
Norfluoxetine and fluoxetine concentrations in cadaveric allograft skin, determination of, 851
Obesity, valproate-induced, evaluation of a rat model of, 1075
Obsessive-compulsive disorder, pharmacotherapy of primary: review of the literature, 936
Octreotide-induced bradycardia, 413
Olanzapine, lack of effect of, on the pharmacokinetics of a single aminophylline dose in healthy men, 1237
Omeprazole-induced exfoliative dermatitis, 877
Ondansetron tablets versus two extemporaneous suppositories: formulation and gender differences in relative bioavailability of, 288
Orosomucoid, Caucasian versus African-American differences in, potential implications for therapy, 620
Overanticoagulated patients, analyses of the treatment of, 1264
Oxazolidinones, a new class of synthetic antimicrobials, the pharmacologic and bacteriologic properties of, 456

- P, Q -

Pain, chronic, in the elderly, safety issues in the pharmacologic management of, 1313
Paralysis, therapeutic, patient recall of, in a surgical critical care unit, 358
